

# DESIGN FOR THE WEB

## FIRST DAY BACK:

with the holidays upon us - I thought I should confirm the changed date of the start of term2.

13 JANUARY 2010

I will see you in our usual room at 10 for the start of the new term :)

Just a few more points I wanted to mention:

- outstanding project work  
please do take stock of your course work and prepare any outstanding work for submission after the holidays. The next term will bring your client project and you should be clear of other work to be able to focus on this.
- FORUM :) <http://eyelearn.org/forum>  
very glad to see some of you using the forum - please do keep it up - or join in if you have not done so yet... I had hoped you'd be sharing some links on grids etc for your essay on there ;)  
so let's keep the conversation going ;)

SEE YOU IN 2010

WISHING YOU ALL A WONDERFUL  
HOLIDAY - AND AN ESPECIALLY CREATIVE  
AND PRODUCTIVE NEW YEAR.
